POOL TABLE LICENSE

The Board of Selectmen, as the Town of Millville Local Licensing Authority, may issue a Pool Table License to those establishments which comply with all state laws regarding pool tables and which meet all the regulations of the Board of Selectmen.

Before granting a license, the Board of Selectmen must determine whether the public good, order and welfare of the Town will be affected by the granting of the License. In making this determination, the Board will consider the following:

Whether the location is suitable.

(Traffic, parking facilities, pedestrian flow and increased pedestrian traffic are important factors to be considered when deciding on a location for a pool table.)

Whether the applicant is a suitable person.

Whether the license should be limited in hours of operation.

Whether the license should be limited in the number of tables licensed at any one location.

(In its deliberation the Board will consult with the Building Inspector and/or Fire Chief (or designee). The standards contained in the State Building Code and Fire Safety Code (having to do with occupancy, loads, means of egress, etc.) shall be applied with the objective being to assure free and unobstructed passage of persons in or near the facility, including those areas on the outside of the facility to which the public has right of access. The Board reserves the right to place a limitation on number as in its discretion shall serve the general good, order and welfare of the Town.

Whether the license would unreasonably increase the incidence of disruptive conduct or level of noise in the area in which the premises are located.

An applicant shall fill out the Pool Table Application Form and return it to the Town Hall Business Office with a check covering the fee for each table requested. If it is a NEW application, the applicant shall submit a drawing to scale showing the exact layout of the facility including tables, chairs, furniture, etc. This is not required for a RENEWAL.

The fee shall be \$15.00 annually per table. All licenses shall expire December 31st. Each table shall be subject to this licensing policy. Each table shall be licensed. The number of pool tables shall be included on the License.

The Selectmen, upon receipt of a complaint that the holder of a license for a pool table is not in compliance with this policy and/or is allowing the licensed tables to be used in a manner contrary to the general good, order and welfare of the Town, shall cause an investigation to be undertaken following which, after written notice to the licensee, it may take action appropriate to its findings including suspension or revocation of such license.
