

BOARD OF ASSESSORS

Residents of Millville:

The Board of Assessors submits the following report of its activities for the year ending December 31, 2010:

The Tax Rate for the Town of Millville is \$12.61 per thousand.

The Board's webpage has been updated; however, there is still work to be done. The Board is looking forward to completing the update of our online services to make it more convenient and user-friendly. One significant upcoming update will be that property record cards will be available online.

There was a reorganization of the Board of Assessors and the Assessors Office in 2010. The Board of Assessors, as appointed by the Board of Selectmen, consists of Tom Shaheen, Karin Furno and Kayla Larue. Gail Marquedant resigned as Assessor Clerk in November and Natalia Alward was hired to replace her with a start date of January 3, 2011.

This last year was a re-evaluation year and the Board is pleased to announce that Mayflower Valuation successfully completed the assessment of real and personal property valuations.

Members of the Board of Assessors and office staff will be attending courses sponsored by the Department of Revenue in an effort to maintain their proficiency in the administration of the office and the appraisal and maintenance of real and personal property for assessment.

We would like to thank Helen Coffin for her assistance during the transition of the Assessors Office and providing coverage during the transition period. We are also thankful to all others who helped with this time period.

The acting members of the Board and office staff look forward to serving the Town of Millville in 2011. The Board would like to thank all taxpayers for their cooperation during this time of change.

Respectfully Submitted,
Millville Board of Assessors

Tom Shaheen
Karin Furno
Kayla Larue
