

**Millville Board of Health  
Minutes of the Meeting  
August 16, 2016**

A meeting of the Board of Health was held on August 16, 2017 at 290 Main Street, Millville, MA. The meeting opened at 6:00 PM.

Board of Health Members:

Dustin Ciccarelli – Chairman  
Catherine Robinson – Member  
Robert Marks – Member

Members present: Dustin Ciccarelli, Catherine Robinson

**Wheelabrator – John Farese, Marketing Manager:**

John Farese meets with the Board as a “Meet and Greet” to introduce himself to the towns that use Wheelabrator. Mr. Farese spoke about Wheelabrator and how the refuse is used as renewable energy and is sold. He also welcomed the Board to an upcoming Open House in October and will inform the Board of the date.

**69 Ironstone Street – Well Permit:**

John Scungio, owner, states that currently there is a hand dug well that is 37 feet from his own septic. He would like to install a new artesian well on his property that will be within 62 feet from the abutter's septic. Previous well water tests on the hand dug well have tested ok. The new well on the property will be roughly 67 feet from the abutter's septic. The Board approved the Well Permit.

**191 & 195 Main Street – Rodent Complaint:**

Board discussed rodent infestation complaint. It was noted that ever since the chickens were relocated from 195 Main Street, that the rodents have vanished. The Board would like to follow up with Board Member, Robert Marks and schedule an inspection. If no issue is seen upon re-inspection, than problem is resolved and there is no need for an exterminator.

**165 Main Street & 50/56 Main Street:**

165 Main Street – scrap salvage yard. DEP is interested in inspecting the property and would like the Board of Health in attendance. Board Admin will consult with Leonard Izzo, Health Inspector, and set up a time to inspect the property with DEP.

50/56 Main Street – FYI to the Board about excavation of soil without permits and concerns of unearthing buried debris.

Board wants to look into what other towns have as far as junk yard regulations and bylaws.

**Fluorescent Bulb/Mercury Program/Shed:**

Through thorough discussion the Board has decided to end the Fluorescent/Mercury program. The program is not used often enough to justify keeping it. The shed that contained the bulbs is currently located at the old town hall. The Chief of PD stated that he would like the shed relocated as he could use the space for the department.

The Board would like to table the discussion on the shed until the third member of the Board is present to discuss options for the barn and its relocation.

**Board of Health Voucher Signing:**

The Board Admin would like to be able to sign vouchers for contracted only invoices. C. Robinson would like the Admin to present to the Board at the next meeting the invoices in question.

C. Robinson motions to adjourn the meeting, D. Ciccarelli seconded the motion – motion passed unanimously.

Meeting adjourned.

Dustin Ciccarelli – Chairman

Catherine Robinson

Robert Marks (absent)
