Millville Elementary School water issue: The School Department is stating the Town is responsible for the
current water problem at the school where there is apparently an issue with water pressure. The Boas agree
that the Town pays for the bills and the funding source should be from the \$80,000 that was appropriated at
the May Annual Town Meeting line item #0001-930-5309-03 BMR Corrosion Control.
The Board would like to make sure that if needed Joe Lemay (for Heavy equipment) or Darling Well be
contacted.
