BOARD OF SELECTMEN REGULAR MEETING MINUTES
The Town Clerk was asked if there could be renovations made to allow other Town officials to perform their tasks. The idea of moving the Town Clerk's office to another part of the town was discussed with the possibility of additional space being allocated to the Town Clerk's office. It was noted that the current office is small and not sufficient for the tasks required.

The Town Clerk noted that the office is located on the second floor of the Town Hall and is not accessible to the public. It was suggested that a new office space could be created on the first floor to accommodate the Town Clerk and other officials.

The idea of having a separate office for the Town Clerk was also discussed, with the possibility of having a meeting room attached to it. The Town Clerk noted that the current office is not suitable for meetings and that a new meeting room would be beneficial.

The Town Clerk also emphasized the importance of having a dedicated space for the office to function effectively and to provide better service to the public.
